BROUGHT TO YOU BY COMICSUNDO "GAG"

## From the Creator

I was able to finish this series. Thanks so much for reading it, everyone!! I enjoyed portraying a boy in kimono. Well, I am terrible at drawing kimonos (sweatdrops), but I like doing it (sweatdrops). Although I wanted to draw things like Oyu doing more flashy cosplay, Marry-san actually looking gorgeous without her glasses, or a stupid American supremacist from Texas. I lacked the ability to accomplish many of these scenes. I can only regret it now.

It is my sincere desire to pursue writing more enjoyable series. It would be my utmost pleasure if you would take the opportunity to view my next work (in Oyu-kun's style of speech). See you again!!

~~And now some words  
from our sponsors.~~

And now, after  
the main dish, here  
are some sweet(?)  
words from Condensation's main Itadakimasu staff in commemoration of the completion of our first long series.

Special thanks to lavatady for the colored placemats.

You offered me two projects to translate and I chose this one, believing it would require less work than the other. How wrong I was to think that! Each day I worked on this project there was always something new to learn, whether it was making the translations understandable or finding creative ways to research unfamiliar tax jobs. Translating this series also came with its share of headaches and embarrassments. "Turned and recalling the definition of "canned sake" I spent so many hours on a Japanese search engine trying to find the answer to just one. It will stay in my memory forever! LOL

Words cannot express how happy I am to see this project completed. It has made me a better translator and I thank You for giving me the privilege to make it. *Gochisousama desuta!*

for discovering and translating this

## Thoughts on Itadakimasu!

Hi, all! Almighty Sadist Yoon-II, Itadakimasu's main editor at your service- Now that it's all over....I Feel proud to have worked on most of this series. Itadakimasu was actually one of my first projects ever, From a newbie editor to a, "ahem" I hope, a more experienced one by the end of it.

Yoshihara Yori would be one of my most Favourite mangaka, the type of author who would make even the most seasoned perverted type such as myself blush from mortification from certain scenes....why? It's because she depicts women for what they really are!! Horny bishie-chasing ladies who can't get enough!! Join my queue honey, I'm chasing them already!! (But don't I already have one?)

Aside from the joy of editing all of those ultra slutty scenes (which got me all hyped up), it has been a great joy working with Condensation and finally finishing one of our main longish series together!! Well done everyone!! From now on, I hope to keep editing many more embarrassing manga like this one...bring on the shame!

Love,  
Sadist Yoon-II.

I remember when I first saw/read "Itadakimasu". It was in "Petit Comic", one of the 700Y magazines. I had brought this magazine with me to read on the METRO on my way to work. And eventually, I came across a sex scene. I snapped the magazine shut, blushed, and said to myself, "This has got to be a Condensation project." I hope no one was looking over my shoulder..

And so, I ordered the first volume, scanned it in, and was able to persuade Elna to translate. (Thanks so much for agreeing to translate, Elna!) It went all downhill, err, downhill from there. Actually, I should say uphill, since Ita has been a challenging project.

I love Yoshihara-sensei's works. Out of all of them, "Itadakimasu" is my favorite. I love the humor, the puns (though not all stuff involved are as pun-ning as I), the sex and OJII. Cuddly!! How I love hot guys with long hair. And not only is he hot, but he's a genuine prince. "..." And a gentleman! Oh, and Oscar. I love cats, especially ones with dialogue and personality!

I never would have imagined a story like the one presented in "Ita". Furthermore, I would have been hard-pressed to find such a plot believable. But, Yoshihara-sensei proved me wrong, and I'm glad she did.

I want to thank all the people who ever helped with the "Itadakimasu" project. I also want to thank all the readers who have been with us from the beginning (and ones who came on mid-way) until now. Thank you for your support! I've learned a lot from the start of this project until the very end. I hope I can keep learning in the future.

I'm sad to see this series end, but I hope that Condensation can bring more great series like "Itadakimasu" to you ~chu~
